 Copy

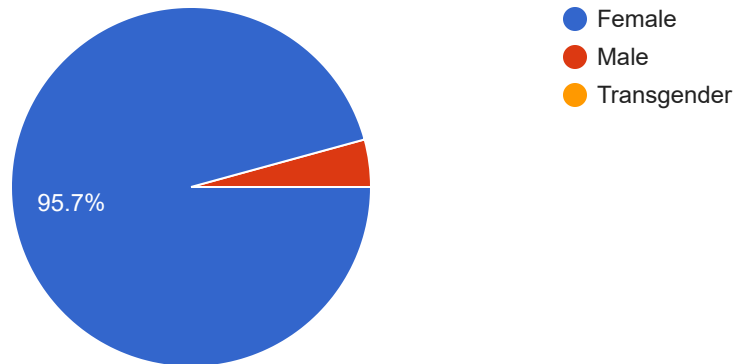

47 responses

20. The overall quality of teaching-learning process in your institute is very good.

 Copy

47 responses

21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution

47 responses

-

There is no suggestions as we as a student were amazed to see all the new activities and experiences that we were getting during all the semester. Course was all filled with so much of reflection on any smallest to biggest activity in our outside the college.

Teachers provides good teaching methods and increase interest in our learning.

The Institute is already doing their very best with respect to teaching learning process and does not only focus on subject outcomes rather all round development of the student teacher. I would suggest them to continue to with these methodologies as it really prepares oneself for the upcoming challenges on the professional front.

No suggestion

I had a wonderful learning experience at KKCE

I think so Smt Kapila Khandwala College of Education is very best for b.ed education and there all the teachers has a great command in Teaching Learning process .

I had a great experience of studying in this college.

Not only the College and Teacher's is best with Teaching part but also with other facilities .

It was great experience .I went like a caterpillar and bloomed like a butterfly .This institution changed my personality gave me strength,motivated me .Each teacher in this institution are the pillar for this programme.The future generation depends on such motivated educator's who train teacher's to a great extent.I am very grateful for each one in the institution.working and also nonn working staff.Very proud of my teachers and my College.

1.All the teachers must encourage students to be active not only some.2.Activity teaching helped to understand the concept.

No suggestions

We had our semesters squeezed due to covid and so had to rush all the time . So may be some activities could have been reduced.

....

Creating strong and innovative teachers

It was all excellent

By far the best teaching learning experience I have ever had, teacher's are so caring and supportive throughout the program.

- 1) Discussion of assignment performance.
- 2) Use of ICT was extremely well.
- 3) Reducing the time period of single lecture.

All the thing is good

My overall experience with my institution was good and I am satisfied with the teaching learning experience in my institution.

The college is very keen on reflections and believe that students-teachers should practice it thoroughly. The follow ups of assignments are done very well.

Teachers are approachable. Friendly and welcoming staff and always helps to increase the growth

1. Assignments to be placed with regular intervals.

KKCE is one of the best institute for me which takes lot of efforts to give their best to us. In terms of teaching learning process all teachers use different approaches which is planned and executed so well that learning becomes easy and effective. Even all the activities that were conducted, seminars/webinars, workshops, mentoring, initial preparation workshop, evaluate workshop etc. give us the

opportunity to participate for learning and used to follow up with reflection and feedback. The evaluation process is formative which caters to our needs.

No

More time to study
More study leave time

All things are best
I become confident person

Teachers go above and beyond to meet the requirements of each and every student.

Every teacher has a personal report on each student detailing their areas of strength and weakness, and based on this information, teachers are encouraging every single child .

Any questions or problems can be easily addressed by our principal ma'am.
Thankful and Grateful for this institute.

The best college of BEd and the teachers are excellent!

My experience in KKCE was amazing I could learn and grow in a way that I could never imagine that I have an ability to some task my teachers have pushed me where i can tap my own potential. teachers there provide love and support and as a inspiring teachers they are just your role models.

.

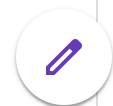

The teaching learning experience is excellent.

Extremely supportive teachers, very understanding principal and Awesome collaboration developed

..

Good quality education, learnt many new things through reflection, very helpful teachers

No suggestions The overall experience was wonderful

The teaching was amazing. Teachers used various methods while teaching which inspired us to implement us in our teaching too.

- 1) Try including more activity based ways to teach as kkce teachers have The best knowledge and ideas to integrate these ways and make it effective for everyone.
- 2) the teachers at kkce worked on every student Is strength and helped them in growing not only as a teacher but also as a person. Some very important values were taught which I will surely imply in my future ahead.
- 3) more of group presentation or Such group activities should be included as everyone gets a chance to express themselves.

Teacher's are very good with their pedagogy content which makes us look upto them.

They are always encouraging us and giving us ideas to take up lessons using various creative ways.

The principal is excellent which makes the institute a very positive place for learning.

Micro teaching workshop
Evaluation Workshop
And all extra curricular activities

extremely quality teaching, student centric approach, teachers as guide, mentor and facilitator.

KKCE is already the best.

Lectures timing could be managed in a better way
Unnecessary time given to topics which the students can easily manage by self studying

No. Suggestions as such . The institution is working extremely hard and following many practices that are essential for a teachers growth and development. I would suggest institution to keep working like they have been already and keep growing always 👍

More time for revision and to complete assignment, which will help to improve the quality of work.

Should give more experiential learning.

Continue with Micro- teaching.

The institution covers all the necessary aspects in teacher training and works to its full capacity to provide the best to its students
